

14th Judicial District
CourTools Measure 7: Collection of Monetary Penalties

Definition: Payments collected and distributed within established timelines, expressed as a percentage of total monetary penalties ordered in specific cases.

Purpose: Integrity and public trust in the dispute resolution process depends in part on how well court orders are observed and enforced in cases of non-compliance. In particular, restitution for crime victims and accountability for enforcement of monetary penalties imposed on criminals are issues of intense public interest and concern. The focus of this measure is on the extent to which a court takes responsibility for the enforcement of orders requiring payment of monetary penalties.
